

TINY TAILS INC.

Boarding Information

Tiny Tails offers kennel free boarding in a daycare setting. Boarding dogs spend their days playing and mingling with daycare dogs and other boarders. With over 4500 sq. ft. of combined indoor and outdoor space there is plenty of room to find a quiet place to relax if that is what your dog prefers. For the overnight your dog will be allowed to remain free. Dogs can be separated into groups that get along well together, or into an area alone. Crates are also on hand for dogs who may prefer or need them.

It is **highly recommended** that you bring your dog for at least one day of daycare prior to their boarding stay. This gives your dog time to become comfortable with us and the place that they will be spending their nights while you are away. If your dog suffers from anxiety in new situations you should plan on sending them for a few days of daycare to help them adjust before your trip. On the day they begin their stay you should plan to drop them off as early in the day as possible. This will give them time to get comfortable and they will sleep better that first night. Pick up and drop off service is provided for boarders at no extra charge if needed.

Food is supplied at no extra cost, but you are welcome to bring your own if you choose. Beds and blankets are also supplied, but you can bring your own if you think it will give your dog some comfort. Please do not bring toys or treats (unless your dog is on a special diet). We have plenty of both.

Proof of vaccinations is required. Your dog should be vaccinated for rabies, distemper, parvo, parainfluenza (DAPP or DHPPV) and Bordetella (kennel cough).

Boarding is \$32 per day. Stays of 3 nights or longer receive 10% off.
